

A WISCONSIN PIONEER

Says Pe-ru-na is
"Worth its Weight in Gold."

John Paulin, Sr., Says: "Peruna Cured My Catarrh."

Mr. John Paulin, Sr., a pioneer of Port Washington, Wis., 119 Franklin St., is held in high esteem by the residents of that place. He is one of the oldest citizens. In a recent letter he says:

"I have used Peruna with good results for coughs and colds which troubled me every fall and winter. It has also cured by catarrh, which always became worse when affected with but a slight cold. I am recommending Peruna because it is worth its weight in gold."—Mr. John Paulin, Port Washington.

Peruna is a Catarrhal Tonic Especially Adapted to the Declining Powers of Old Age.

Hale and hearty old age means simply healthy organs and healthy functions retained beyond the usual time.

As a rule, at the age of 60 or 70 years, the functions begin to wane and the various organs lose their natural power.

This need not occur. At least not in all cases. Many a man and woman have retained their health and vigor much later in life.

We have on file several letters from octogenarians who have found Per-

una of priceless value to them as their declining years advanced. Has Reached Four-Score Years and Weighs 156 Pounds.

Mr. Levi Kegg, Rainsburg, Pa., writes: "Your medicine has done me so much good I intend to keep it on hand all the time."

"I had all the symptoms of systemic catarrh. My eyes were read and inflamed, my throat, stomach and bowels troubled me, was nervous, had nervous headaches. I am now entirely cured by Peruna."

"I am eighty years old, and I never weighed more than 140, but now I weigh 156 pounds."

Since they will visit New York City, Boston, Washington and points in Virginia, as well as their former home in Indiana. Mr. and Mrs. Kegg expect to return to Ogden the latter part of this month.

Account CONFERENCE and STATE FAIR the Oregon Short Line will sell round trip tickets to Salt Lake at rate \$1.10, Oct. 3rd to 9th, inclusive, good returning Oct. 12th. Choice of ELEVEN trains daily. Secure tickets at City Ticket Office, 2514 Washington avenue. Both phones 372.

Beggars in Court—George Monroe and Frank James, two unwashed vagrants, pleaded guilty in police court to the charge of mendicancy and were fined \$10 or ten days. Both were returned to the prison corridor, where they will remain until they have expiated the crime of begging. Mike Riley, also charged with the offense of begging, stated to the court that he was not guilty and his case was continued until some future date.

Died at School—Louis Christensen, a ward of the State Industrial school and a son of Mrs. Henry Larsen of this city, died at the institution yesterday of typhoid pneumonia, after an illness of ten days. Master Christensen was 15 years old, and has been a ward of the Industrial school for the past two years. The boy's conduct since his entrance at the school had won him many friends in the institution who mourn his death. The funeral services will be held from Layton & Sons' chapel, Monday afternoon at 2 o'clock, with burial in the Ogden City cemetery.

Case of J. N. Sparks—The preliminary hearing of J. N. Sparks, charged with forgery, has been set for hearing Friday, October 7. Attorney James P. Smith of Salt Lake was in the city in the interests of Sparks today and had an understanding with County Attorney Jensen that the case would be taken up at that time.

Pleaded Guilty—J. J. Maden, in the police court, pleaded guilty to the charge of being unlawfully drunk, and was fined \$5 or five days. W. Graham and the irrepressible "John Doe" pleaded guilty to like offenses and were dealt out respectively similar fines.

Boys in Court—Hiram Joseph and Fred Meyer and Ted Bateman, boys between the ages of 11 and 15 years, were charged in the juvenile court yesterday with assaulting young Martin Overton and disturbing the peace of Margaret Overton, September 27, and they will be cited before Judge Gunnell at an early date for a hearing.

Railroad Fare Reduced—The reduction in the fare from Utah points to San Francisco took effect today, although the ticket office of the Harriman lines received no official notification of the change in rates until yesterday. The old fare of \$30 from Ogden to San Francisco is now reduced to \$25.50.

Fortunes are being made in
Box Elder County Dry Farms
and Orchards

Most Utah people know that Box Elder county farms and orchards are making fortunes for their owners today. It is also a widely known fact that land values and prices in Box Elder county are climbing very fast, and that because the returns from the lands are so great there are very few acres in the older section of the county for sale.

A large section of the county—the western portion—has been developed very little for the reason that private inter-

ests controlled the land in such a manner as to retard its development. Some parts of this section have been developed and are today among the most highly productive sections of the state. The two towns, Park Valley and Rosette, have been established several years and the farmers and ranchers are thrifty and prosperous. These towns are in Park Valley, one of the most fertile valleys in the west.

Park Valley Offers Unlimited
Opportunities for Orchards,
Farms and Ranches

NOW IS THE TIME TO BUY

An opportunity is now afforded to purchase dry farm and orchard lands in this beautiful valley at very attractive prices. A tract containing 6,000 acres of the very choicest land in the valley has been subdivided into 20, 40, 80 and 160 acre tracts and is now for sale. Experts agree that the land is especially adapted for fruit and dry farm purposes, and the farms surrounding it prove the productiveness of the region.

Here is an exceptional opportunity. The prices asked for these lands now are but a fraction of the value repre-

sented when the land is cleared and cultivated. The soil is rich and deep. The climatic conditions are ideal and the precipitation makes it a very favorable dry farm section.

Investigate the possibilities of Park Valley. Determine for yourself the opportunity this offer presents and then prepare to buy a farm and become independent. Excursions run to Park Valley each Tuesday and Thursday. Special rates for parties of ten or more.

HOW TO KEEP YOUR CLOTHES LIKE NEW

ADIES' or gentlemen's garments can be kept in beautiful condition until worn out—by taking frequent advantage of our dry cleaning and pressing service.

Our dry cleaning process removes the soil and stain from your clothing, freshens up the fabric, brightens the colors and raises the nap like new. It does not affect the life or color of even the most dainty or delicate garments.

Our pressing service takes out the wrinkles, creases and other marks of wear. It gives the garments a new like shape and fit. It removes all the bagginess in the knees and elbows, etc.

Every garment or article is handled in each part of the process by skillful, careful workers. We use the genuine French Dry Cleaning process of cleaning up spirits and solvents, and have a thoroughly up-to-date equipment.

You should send your garments to us, and take advantage of this service. No article of men or women's wear is too dainty for us to dry clean and finish satisfactorily—and our charges are not high.

HIGH SCHOOL
EVENTS OF WEEK

The "Athletic Hop," the first of a series of high school dances, to be held this year, was well attended at the high school auditorium Friday. The proceeds of the dance will be used to help defray the expenses incidental to the athletics of the school. The music was furnished by the high school orchestra.

Principal J. O. Cross and Mrs. Cross and a number of the teachers, acted as chaperones to the youthful assembly. There was a number of alumni present and a thoroughly enjoyable evening was spent. The enthusiasm shown by those who attended speaks well for the success of the high school dances to be held in the future.

Members of the Junior class were very much in evidence at a meeting of the debating society held Friday afternoon for the purpose of electing officers. After the election of a temporary chairman, the Juniors placed in nomination and elected respectively, vice president and secretary, the following members of their class: Earl Packard, Laura Johnson and Emma Davidson. Every effort will be made by the members of the society to win again for the Ogden high school the debating trophy, a silver cup, which must be won by the competing societies three consecutive times.

The sophomore class held a meeting in the early part of the week at which Darrel Greenwell, the newly appointed president, presided. The meeting was for the purpose of selecting a class pin for the coming year, but due to a difference of opinion a selection was not arrived at.

Don't Worry About Fat During the Hot Weather

This is not the time to worry about your fat. The thing to do is to remove that fat without taking chances with the health of the rest of your body. There has been a great demand for several years for a convenient form of the famous Marmola prescription which has met with each success in the past few years in the reduction of flesh. This demand has been met in the shape of a small tablet that holds all the principles of the famous prescription and at the same time enables a fat person to always be able to take their fat reducing formula, no matter where they may be. One of these little tablets taken after each meal and at bed time will stop at once the production of all fat and will remove the fat you have at the rate of from 12 to 15 ounces per day. They are perfectly harmless, contain no drugs that will tear down your system, but they do their work just as nature intends it should be done. They go into the stomach and stop that organ producing fat. They reach fat wherever it is located and assist the body in throwing it off. They require no diet, no exercise, and they will not leave vast layers of loose skin to make large wrinkles like all fat reducers do. They are being sold in great quantities and are used by all classes. Hundreds of physicians prescribe them. You may buy them at any drug store, price 75 cents per case, or you may send direct to the Marmola Company, 1121 Farmer Building, Detroit, Mich.
